EFRS Radiographers Research Network

REPRESENTING OVER

100,000
RADIOGRAPHERS

AND

8,000
STUDENTS

ACROSS EUROPE

38 National Societies/Professional Bodies

55 Academic Institutions: Radiography Education

EFRS IS THE VOICE FOR RADIOGRAPHERS ACROSS EUROPE

Cooperation and collaboration with a growing
number of influential stakeholders

- 38 national radiography societies
- 55 Educational Institutions in the EFRS educational wing
- The European Commission and European umbrella organisations like EANM, EFOMP, ESR and **ESTRO**
- With International organisations including IAEA, ILO, ISRRT and WHO

Providing an on-line Radiographers Research Network

The EFRS is a non-profit organisation, set up by professional societies that represent radiographers in the geographic continent Europe.

The role of the EFRS is to represent, promote and develop the profession of radiographers in Europe, within the whole range of medical imaging, nuclear medicine and radiotherapy.

Three expert committees for medical imaging, nuclear medicine and radiotherapy support the work of the Board and guarantee the input from their specific professional fields in the EFRS policies and actions:

The EFRS Radiotherapy Expert Committee:

- is the central point of communication for Radiotherapy
- ensures that the specific needs of Radiotherapy are met
- maintains co-operation with stakeholder bodies in the field of Radiotherapy
- represents EFRS in Radiotherapy matters

The EFRS Radiotherapy Expert Committee work includes:

- Input in development and revision of the EFRS EQF (European Qualifications Framework) Benchmark documents for level 6 (Bachelor) and level 7 (Master)
- Input in the bi-annual EFRS surveys

EFRS Radiotherapy Expert Committee Members

- Denmark: Rasmus Lübeck Christiansen
- Italy: Gianfranco Brusadin
- Greece: Anastasia Sarchosoglou
- Norway: Eric Sundqvist
- Slovenia: Aleksandra Oklješa Lukič
- United Kingdom: Charlotte Beardmore (chair)
