

2021 EFRS Education & Research Webinar Series:

[Registration link](#)

Episode 1:

Challenges to Clinical Placements (2021.01.26)

Moderators:

Andrew England, Chair, EFRS Educational Wing Management Team

Karoliina Paalimäki-Paakki, EFRS Educational Wing Management Team

Learning Objectives:

1. To consider opportunities for increasing international clinical placements.
2. To discuss how to select and develop appropriate assessment methods for assessing clinical competencies.
3. Identify the features needed for optimum clinical placement experiences.
4. Explain the benefits of increasing the quality of radiography education.

Speakers:

Carst Buissink, Hanze University of Applied Sciences, Groningen, Netherlands.

Frank Zarb, Faculty of Health Sciences, University of Malta, Msida, Malta.

Sue McAllister, Faculty of Medicine and Health, University of Sydney, Sydney, Australia.

Episode 2:

Developing Teaching & Learning Technologies (2021.02.18)

Moderators:

Andrew England, Chair, EFRS Educational Wing Management Team

Carst Buissink, EFRS Educational Wing Management Team

Learning Objectives:

1. To discuss the optimum teaching and learning methods needed to develop competent graduates.
2. To consider the role of traditional teaching and learning methods in radiography education.
3. To explain the potential benefits from including modern, innovative teaching and learning methods within radiography education.
4. To identify innovative teaching and learning methods that have application in radiography curricula.

Speakers:

Barbara Kraus, Radiological Technology Department, FH Campus Wien, Vienna, Austria

John Stowe, Health Sciences Centre, UCD Dublin, Dublin, Ireland

Episode 3:

Publishing in and Reviewing for the Radiography Journal (2021.03.11)

Moderators:

Frank Zarb, EFRS Educational Wing Management Team/ EFRS Representative,
Radiography Journal Editorial Board

Jonathan McNulty, EFRS Past-President / Associate Editor for Europe, Radiography
Journal

Learning Objectives:

1. To discuss the essential requirements for publishing in peer-reviewed journals.
2. To consider the role of a journal reviewer and the requirements for successful review.

3. To consider the key ethical principles in publishing.
4. To identify opportunities and benefits of maximising research impact through publishing.

Speakers:

Julie Nightingale, Sheffield Hallam University, UK / Editor-in-Chief, Radiography Journal

Andrew England, Keele University, Staffordshire, UK / Associate Editor, Radiography Journal

Louise Rainford, School of Medicine, University College Dublin, Ireland

Peter Hogg, University of Salford, Salford, UK

Episode 4:

Ethical Principles in Research (2021.03.30)

Moderators:

Andrew England, Chair, EFRS Educational Wing Management Team

Carst Buissink, EFRS Educational Wing Management Team

Learning Objectives:

1. To discuss the benefits of developing and implementing radiography research ethics standards across Europe.
2. To understand good principles of radiographic research.
3. To consider methods for and the benefits of involving patients and public in the research process.

Speakers:

Christina Malamateniou, City University, London, UK

Mark McEntee, University College Cork, Cork, Ireland

Bev Snaith, University of Bradford, Bradford, UK

Episode 5:

Developing Research Opportunities (2021.04.22)

Moderators:

Andrew England, Chair, EFRS Educational Wing Management Team

Mark McEntee, EFRS Educational Wing Management Team

Learning Objectives:

1. To discuss the benefits of engaging in small scale research opportunities.
2. To identify methods for identifying successful international research collaborations.
3. To highlight the benefits from understanding multinational research.
4. To discuss methods for establishing international research working groups.

Speakers:

Claudia Sa Dos Reis, HESAV, Lausanne, Switzerland

Safora Johansen, OsloMet, Oslo, Norway

Episode 6:

EIBIR and the EFRS: Supporting your research funding applications and projects (2021.05.11)

Moderators:

Andrew England, Chair, EFRS Educational Wing Management Team

Jonathan McNulty, EFRS Executive Board

Learning Objectives:

1. To explain the role of EIBIR in assisting with European radiography research.
2. To outline methods for identifying funding opportunities for radiographic research.
3. To discuss methods for ensuring that funding applications are high quality and competitive.

4. To discuss the role of successful partnerships when seeking funding.

Speakers:

Pamela Zolda, EIBIR, Vienna, Austria

Jonathan McNulty, School of Medicine, University College Dublin, Ireland
